

CARPENTER ANTS & ODOROUS HOUSE ANT PREPARATION

1. People and pets will need to be vacated of the premises during treatment and for 3-4 hours after treatment is complete.
2. Anyone with any health or breathing issues may want to check with their physician prior to treatment for any additional precautions. SDS and labels are available upon request.
3. We will need access to the home and any attic or crawl spaces during treatment.
4. Power may need to be provided for any drilling into brick wall voids.
5. If there are any sightings under sinks along any plumbing lines items will need to be removed from those areas.
